IN REPLY PLEASE REFER TO

Honorable Allen W. Dulles
Director, Central Intelligence Agency
Washington 25, D. C.

Dear Mr. Dulles:

By Executive Order 10927, the President transferred to me the functions of the former President's Committee on Fund-Raising Within the Federal Service. This responsibility requires that I make arrangements for appropriate voluntary health, welfare, and international relationship organizations to solicit contributions from federal employees and members of the armed forces at their places of employment or duty stations, within the framework of Presidential policy specified in the Order.

This responsibility goes beyond the Civil Service Commission's normal jurisdiction and channels of communication, so it is most important that I have sound counsel and assistance from the heads of departments and agencies in the operation and further development of the federal fund-raising program.

I ask, therefore, that you designate a high level member of your staff as Fund-Raising Program Coordinator for your agency. The person designated should be of sufficient authority that he is able effectively to cooperate with my office and the participating voluntary agencies and can assure the observance of approved fund-raising policies and procedures throughout your agency. This designation will be in lieu of the position of Federal Plan Coordinator which existed during the program's operation under the President's Committee.

Since the national fund campaigns of the voluntary organizations require a long lead time I have approved the continuation during this fiscal year of the policies and procedures that were established by the former President's Committee. As we appraise the program over the next several months, I am hopeful that we not only will be able to hold the gains already made in solving fund-raising problems, but that we can improve the program substantially for the future. I know that I will be able to count on your assistance.

Sincerely yours,

John W. Macy Jr.
Chairman
